ANALYSIS OF FEEDBACK ON ACADEMIC PERFORMANCE AND AMBIENCE BY STUDENTS:

ACADEMIC YEAR - 2023-24

INTERNAL QUALITY ASSURANCE CELL

ANALYSIS OF FEEDBACK ON ACADEMIC PERFORMANCE AND AMBIENCE BY STUDENTS:

The institution's Feedback Committee designs the feedback forms and invites feedback from stakeholders to monitor and evaluate its performance quality on academic performance and ambience. Accordingly, the feedback forms were collected from students on issues in terms of quality, competence, skills, and professionalism, that is, teachers' overall delivery in the terms of performance.

Students were provided with an opportunity to comment on their learning experiences and assess teachers' performance in the classroom. For this academic year 2023-24, feedback has been collected from 1648 students across the streams of Arts, Commerce and Management, Science, and Computer Departments.

The feedback committee submits its analysis to the IQAC Coordinator. The coordinator then calls the meeting of all HOD's and Coordinators under chairmanship of the principal. On the basis of the observations and suggestions in the meeting, the Acton Taken Report is prepared. This report is placed before the College Development Committee for its perusal.

INTERNAL QUALITY ASSURANCE CELL

ANALYSIS OF FEEDBACK ON ACADEMIC PERFORMANCE AND AMBIENCE BY TEACHERS :

The institution's feedback committee designs the feedback and collects feedback from its stakeholders to monitor and evaluate its performance quality on academic performance and ambience. The feedback was invited from teachers on issues like academic performance and ambience with respect to the suitability of the course and its need, outcome of the curriculum, relationship with course content and corresponding reference material, availability of reference materials vis-à-vis curriculum, evaluation methods and curriculum delivery, FDP training and financial assistance in research etc..

Accordingly, an online Google form was prepared to seek feedback from full-time faculty to strengthen the quality of teaching-learning process. The feedback on academic performance and ambience from 72 permanent faculty members of the institution for the academic year 2023-24 was collected.

The feedback committee submits its analysis to the IQAC Coordinator. The coordinator then calls the meeting of all HOD's and Coordinators under chairmanship of the principal. On the basis of the observations and suggestions in the meeting, the Acton Taken Report is prepared. This report is placed before the College Development Committee for its perusal.

ANALYSIS OF FEEDBACK ON ACADEMIC PERFORMANCE BY EMPLOYERS:

It is a standard practice for the institution to get feedback on the academic performance and ambience from its employers. The institution considers employers as its stakeholders, and they can provide good suggestions on it. A special committee called the Feedback Analysis Committee has been set up for this activity. This committee designs and collects feedback. As such, feedback was invited from the employers on various aspects like Communication Skills, Problem-Solving Skills, Organizational Skills, use of technology, adaptability to change, etc.

In their feedback, the employers suggested creating opportunities for student leadership development. They evaluated the soft skills and professional skills of the college students positively, concluding that the academic performance was satisfactory.

The feedback committee submits its analysis to the IQAC Coordinator. The coordinator then calls the meeting of all HOD's and Coordinators under chairmanship of the principal. On the basis of the observations and suggestions in the meeting, the Acton Taken Report is prepared. This report is placed before the College Development Committee for its perusal.

ACADEMIC YEAR – 2023-2024
# INTERNAL QUALITY ASSURANCE CELL

ANALYSIS OF FEEDBACK ON ACADEMIC PERFORMANCE AND AMBIENCE BY ALUMNI:

It is standard practice at our institution to set feedback on the academic performance and ambience from alumni. The alumni are crucial to the institution, providing valuable suggestions for academic performance improvement. A feedback analysis committee is established for this purpose, inviting alumni to provide feedback on such aspects, including course adequacy, content enrichment, industry compatibility, self-learning and problem-solving skills, increasing awareness about industrial structural process and operations and conducting students inter-personal skills related programmes. The feedback indicated a need to incorporate more practical elements, such as communication skills and other applied aspects, into the syllabus.

The feedback committee submits its analysis to the IQAC Coordinator. The coordinator then calls the meeting of all HOD's and Coordinators under chairmanship of the principal. On the basis of the observations and suggestions in the meeting, the Acton Taken Report is prepared. This report is placed before the College Development Committee for its perusal.
